

Welcome to Villa Kournedes

We hope you have a fantastic stay with us. For those that don't want to read the guest folder here are some quick tips and notes to help on your first few days.

External Gates	Please keep inner gates shut to keep sheep & goats out. Difficult to pull them out of pool if they get in & they'll devour the garden. Electric gate "exit" button on pole to left of gate. Gate closes by itself. Gate autosenses obstructions (people, stones) remove and it will close.
External Key Safe by left of front door	Rotate wheels to show pass code given in booking confirmation. Press black lever down to open. Front door and gate padlock key inside.
Ropes over the doors?	Rope doorstops prevent doors blowing shut and locking people out
Windows	Fitted with "double" security hinges to safely let a draft through the villa. Rotate the handle to open at an angle.
Door and window fly screens	Caution: They look invisible at night and are damaged by accidentally walking into them.
What's the Wi-Fi code?	ID: Kournedes Password: 12345678

Satellite TV (not Sky)	English speaking channels are pre-provided. UK channels such as ITV, BBC 1,2 etc. aren't available - we are out of range. There is no point in reprogramming the TV however you can "cast" to the digital TV using a smartphone to display your chosen content.*
DVDs & Books	Selection of DVDs available in left drawer of the wooden unit underneath the TV. Feel free to swap books from bookcase in hallway.
Flashing Light on the small wooden box. What does it mean?	Flashes when water level in the water drops more than 20% (1,000 litres)- caused by water supply not filling up quickly enough – not a problem unless it continues for several days.*
Rubbish	Please dispose of rubbish bags in the locally provided large green and blue dumpsters. Nearest is by cemetery, in Gavalohori or on the way to Almerida. They are emptied by the council regularly
